3800W DUAL FUEL INVERTER GENERATOR

Item Number: RGU38BiS

Specifications

Fuel Type:	Dual Fuel
Peak Power:	GAS 3800W / LPG 3420W
Running Power:	GAS 3300W / LPG 2970W
Displacement:	149cc
Engine Type:	Single cylinder, 4-Stroke(OHV)
Start Type:	Recoil
Noise Level:	64dB
Low Oil Shut Off:	YES
Run Time at Half Load:	3.8h
Fuel Tank Capacity:	1.3 Gallon
Voltage Rating:	120V
AC/DC Output Outlets:	1* AC 120V 30A RV, 2* AC 120V 20A, 1*USBA&C
Parallel Capability:	YES
Oil Included:	YES, 9.5 fl oz.
Product Dimensions:	19.7"L x 11.8"W x 17.7"H
Item Weight:	49.9lbs
Warranty:	3-Year

Product Features

Dual Fuel
Allows your generator to run on either gasoline or propane, offering the freedom and flexibility of fuel choice.

Clean Power
The inverter's electronics technology produces a sine wave that outputs fewer fuel emissions and much cleaner power than a traditional generator.

Mobile and Versatile
The ability to provide power whether you're at home, on an RV trip, or at the jobsite.

ECO Switch
Enhanced fuel efficiency, variable engine speeds allow 30% to 50% higher fuel efficiency than a traditional generator.

Parallel Ready
Allows you to connect two inverter generators together to double your power.

Overload Protection, Short Circuit Protection
