

The all-in-one VR system designed for business

Get commercial-grade VR anytime, anywhere with VIVE Focus Plus

A commercial-grade system designed for flexibility and portability. Scale your deployment with easy batch configuration and direct support for the leading Mobile Device Management solutions. Deploy VR training and remote collaboration that meets business data privacy and IT compliance.

Optimal Comfort, Weight Balance, and Hygiene

Accommodate 95% of users with a comfortable, ergonomic design. Weight distribution is optimized to avoid fatigue. Suits almost all vision types with an adjustable IPD. Eyeglass compatible. Durable, easy to wear and remove. Easy-to-clean synthetic material for high-use environments.

Portable & Convenient With Inside-Out Tracking

Enjoy high-quality mobile VR, instantly. Say goodbye to tethered PCs and external accessories. Transport, maintain, and deploy with ease. Ideal for process training and remote collaboration.

2880 × 1600 Combined Resolution

See text, textures, and graphics in stunning clarity with resolution at 615 PPI. Delivers deep blacks and vivid colors throughout the 110 degree field-of-view, ensuring a fully immersive experience.

Easy IT Deployment

Deploy like any other mobile device

Use your existing MDM solutions and licenses. VIVE Focus plus supports both VMware and Mobile Iron MDM solutions. Deploy fully offline through batch configuration at no extra cost. The Business Portal makes fast deployment easy. Stay safe with support for Wi-Fi certificates VPN.

Secure Kiosk Mode

Comes with unrestricted Kiosk Mode out of the box

Easily limit access to apps and navigation using the settings panel. Turn your system into a fixed-purpose device ideal for process training.

Screencasting and Recording

Cast VR experience on TV, PC, or tablet using Miracast™

Miracast™ gives you the ability to see what trainees are viewing in VR on a TV, PC, or tablet. Instructors get real-time feedback that allows them to provide guidance. Training sessions can also be recorded and shared with trainees. VIVEPORT Streaming also lets you stream to all compatible and installed PC-VR titles from VR-ready PCs to VIVE Focus Plus.

Global Distribution

With local procurement available in over 50 countries, VIVE Business VR Solutions can meet your needs wherever your business may take you.

VIVE Business Warranty & Services

Enterprise-grade support and services designed to protect your investment

Keep your business running smoothly with VIVE Business Warranty & Services. The package includes a limited two-year, commercial-use warranty, and support and services. Features like next business day email response and expedited product repair or replacement minimize downtime.

Commercial use only**. Subject to Terms & Conditions.
